

# Welcome to Class 4!

## Our topic this term is 'GO GREEN!' and we will be:

Developing our understanding of seasonality-, including trade links and where our food comes from.

Investigating Biomes

'STOMP' style dance and drama

Researching what can/cannot be recycled?

What are the effects of pollution- including plastic pollution-on our environment?

If God is everywhere,  
why go to a place of  
worship?

In Science, we will be continuing to investigating forces. We will identify the effects of air resistance, water resistance and friction that act between moving surfaces.

In Computing-we will be:

using online mapping; developing effective search skills; and presenting information using a range of digital devices.

### Daily essentials:

Planner, Reading book, Water bottle, PE kit.

Inhaler (where appropriate)

A Pencil Case is optional and I am happy for you to bring one in on the condition that it is kept in your tray and doesn't become a distraction.

### Homework Reminder

Please listen to your child read for at least five minutes every day and record this in their planner. Reading aloud to an adult has huge benefits. For example, it opens discussion about the text and helps clarify vocabulary.

Maths homework will alternate between Times Table Rock Stars and a more practical, investigative task from the Maths Jigsaw sheet every Tuesday and returned a week later.

Weekly Spellings: Every Monday the children will be given 10 spellings from the Y3/4 or Y5/6 Spelling Lists- including common errors and spelling patterns. These will be tested a week later.

***Class 4 Plea!*** If you, or a family member, are available to listen to readers on a regular basis, please let me know. Any additional support in class would be most appreciated.

If you have any questions, please do come and chat with me-my door is always open.

Thank you for your support,

Mrs Haffey, Mrs Challis and Mrs Bailey
