

Class One Summer Newsletter

Welcome back for a summer term filled with fun. We hope that you all had a lovely Easter, spending time with your families and eating lots of yummy Easter Eggs!

This term our topic will be: *Super Swimmers!*

This term we will be learning...

- We will be finding out about floating and sinking and Captain Webb, the famous swimmer.
- We will look at how our beach holidays have changed over time.
- We will be investigating materials and making up simple experiments to test if they are waterproof.
- We will be having a Pirate Week and test our own junk model boats to see if they float or sink!
- We look forward to making sandwiches with Phunky Foods and having a Pirate Picnic.
- We will be looking at directions and making treasure maps.
- In computing, we will be continuing with E-safety and learning about algorithms.
- To end the summer topic we plan to have a wonderful day at the seaside with the whole school.

P.E.

The summer term will bring us Sports Day and Sports Week! Let's hope it will bring us sunshine too so we can do lots of outdoor P.E. Please make sure that your child has trainers and a suitable outdoor kit. Look out for special sporting events like the climbing wall and inflatable rugby!

Maths Homework Tasks

Times Tables Rock Stars will be ongoing for Year 1; we find this a really useful tool for supporting multiplication and division. Please continue to support your child at home. In addition, the practical maths home tasks will continue for Year One children. I really like to see what you have all been up to!

Literacy Homework Tasks

Each week both Year 1 and EYFS will receive a phonics task to complete at home. This will continue to go home on a Friday. Please continue to hear your child read as often as possible; it really does help with reading, writing and spelling. I am grateful for your continued support in this.

Art and D.T.

- In art, we will be learning about the artists Monet and Degas and their work. We will be painting landscapes and using collage to create water lilies. We will be using dye to tie dye flags for our Pirate Week.

Mrs Marjoram and Mrs Young will be covering Class 1 on Wednesday afternoons when I have my P.P.A time. Mrs Marjoram will be teaching science and Mrs Young will be teaching dance and drama
