A guide to connecting to Google Classroom from different devices

Dear Parents/Carers,

I am aware that some families in Elvington are currently experiencing internet connection issues. Please see the guide below, as this could allow you to access Google Classroom from a different device.

We have a small number of Vodafone SIM cards, which have 30GB data allowance valid for 90 days. If the aforementioned would be helpful, please contact me via email – head@elvingtonprimary.org.uk.
