

Progression of Skills and Knowledge for History

Chronological Understanding

Sequencing, events, stories, pictures and periods over time to show how different times relate to each other and contribute to a coherent understanding of the past. We don't necessarily teach topics in chronological order, however, we do relate the topics we teach to their chronological context.

Children at Greater Depth will: Plan questions and produce answers to a few historical enquiries.	- Use a source - observe or handle sources to answer questions about the past on the basis of simple observations. Children at Greater Depth will: Pose independently a series of valid questions for different enquiries and produce effective responses using appropriate vocabulary confidently.	- Use a range of sources to find out about a period of time Select and record relevant information Begin to use the library and internet for research. Children at Greater Depth will: Independently devise historical enquiries to find information about a set topic of research.	- Use evidence to build up a picture of a past event Ask a variety of questions Use the library and internet for research Choose relevant material to present a picture of one aspect of life in a time period. Children at Greater Depth will: Use prior historical knowledge to support enquiries directed towards a particular topic.	- Begin to identify primary and secondary sources Use evidence to build up a picture of a past event Select relevant sections of information Use the library and internet for research with increasing confidence. Children at Greater Depth will: Independently plan their own enquiry towards a particular topic.	- Recognise primary and secondary sources Use a range of sources to find out about an aspect of time past Suggest omissions and the means of finding out this information Bring knowledge gathered from several sources together in a fluent account.
