

Class 3 Homework Summer Term (1st half)

Weekly activities: Spelling activities, independent reading (10-15 minutes each night recorded in home/school record), multiplication and division facts:

x2, x5, x10, x3, x4, x8 for Year 3 and all facts up to 12x12 for Year 4, and maths activity.

<p><u>Science</u></p> <p>Material investigation. Look at the exterior of your home and make a list of all the materials your home is made of. Then organise them into categories according to whether they are man-made or natural. Next, think about why the material is used for that purpose. You could draw and label your house to help present your work. To be completed by 6th May</p> 	<p><u>Art</u></p> <p>Produce a picture of your home; you could draw, paint or collage. Try to make it as detailed and accurate as possible by looking carefully at the structures on your home.</p> 	<p><u>Writing</u></p> <p>Write a postcard as if you were visiting Elvington for the first time. Choose some features that you might see or visit. Describe what they are like and why a visitor should visit. I have attached a postcard template on Google classroom if you wish to use this To be completed by 13th May</p> 
<p><u>Geography</u></p> <p>Think of local physical features in and around Elvington. Can you use a map to find out what it looks like? Produce your own map with physical features. Make a key to show the symbols. Use colours effectively. To be completed by 20th May</p>	<p><u>Family Activity</u></p> <p>Go on a local walk around Elvington and Sutton upon Derwent. Notice all the physical and human geography features. A good walk is to walk through Sutton along the road and back to Elvington along the river.</p> 	<p><u>Maths</u></p> <p>Investigate time. Make a time diary of events that you do in one day. Write down the time you begin and end an activity. Write down the time in analogue and digital (24 hour clock) and also how long the activity took. To be completed by 27th May</p> 
<p><u>Spot a Fish</u></p> <p>If you walk along the river you may spot a fish. Or you could visit a pond or canal. Standing on a bridge and looking down into the water is a good way to see fish. (Taken from 50 things to do before you're 11½ from the National Trust).</p>	<p><u>Maths</u> <u>My Maths</u></p> <p>Two new activities have been set. School log in: <u>Username-elvington</u> <u>Password-elvington</u> To be completed by</p> 	<p><u>Physical Activity</u></p> <p>Make an agility trail around your garden that includes a range of different skills to practise. You could include ball skills, skipping, running, jumping or balancing. You could draw a simple map with instructions.</p>
